Honorable EDWARD F. DUNNE,

*Governor, State of Illinois, Springfield.*

DEAR GOVERNOR: Pursuant to the provisions of section 9 of "An Act to regulate the practice of Dentistry and Dental Surgery in the State of Illinois," I submit herewith report of the Illinois State Board of Dental Examiners, covering the period from December 15, 1913, to December 15, 1914.

Respectfully,

O. H. SEIFERT, *Secretary.*

## ANNUAL REPORT FOR YEAR ENDING DEC. 15, 1914.

---

During the year 1914 there were held in Chicago, two regular examinations of applicants who desired to practice dentistry in this State. There were licenses issued to two hundred and seventy and there are now registered in this State four thousand four hundred and eighty-five practitioners of Dentistry.

The June examination of the Board was held at the Northwestern University College of Dentistry, Chicago. Two hundred sixty-five applicants presented themselves for examination, of which one hundred sixty-two passed. This was the largest class ever examined in Illinois.

The November examination was held at the Chicago College of Dental Surgery, Chicago. One hundred thirty-eight applicants were examined, of which one hundred and eight were successful and obtained licenses.

It was considered necessary by the board to hold four special meetings during the year.

First.—March 11 and 12, for the purpose of completing arrangements for the June examination, and at this meeting the board decided to include oral hygiene as an examination subject.

Second.—August 7 and 8, the board convened in Chicago to complete the marking of the papers from June examination and to confer with the different dental colleges to discuss preliminary educational requirements of applicants. Dr. C. R. Koch, of the Northwestern University Dental School; Dr. Don Gallee, of the Illinois College of Dental Surgery; Dr. J. N. Roe, of the Chicago College of Dental Surgery, and Mr. Peter A. Downey, representing the Superintendent of Public Instruction, met in conference with the board, but nothing was accomplished at this time as the representatives of the different colleges above mentioned could not agree on a definite program. At this meeting Dr. C. F. O'Connor was elected president of the board, and Dr. O. H. Seifert was retained as secretary and treasurer.

Third.—On September 23 the board met in Springfield for the purpose of arranging fall examinations. At this meeting Rule V was changed to read as follows: "*Practical Operative Dentistry*.—Each candidate must furnish his own patient, also an engine, all instruments and materials. A chair will be provided. The board will select all cavities and such cavities must be prepared in the presence of the board. At least one gold filling and one gold inlay will be required. Each candidate shall be examined, not only on the finished filling and other requirements specified by the board, but on all technic entering into such operation, i. e. patient's position in chair, operator's position and general appearance, application and adjustment of rubber dam, skill and dexterity with instruments, and all else which can be of aid in

determining candidate's degree of proficiency in said branch of work."

The November meeting in Chicago, being the second regular meeting of the year, was held for the purpose of conducting the examination. One hundred and thirty-nine applicants presented themselves for examination, one hundred and nine securing licenses to practice.

On July 7, 8 and 9, the National Association of Dental Examiners met at Rochester, N. Y. Secretary Dr. O. H. Seifert was in attendance. Much good was derived from the papers read and the acquaintances formed. The necessity for more uniform laws relating to the practice of dentistry was very apparent and the cooperation which is so much desired is more easily attained through meetings of this character than from any other source.

Minnesota cancelled their reciprocal agreement with Illinois during the year. Michigan did likewise on claim, but has since made a new agreement by which former arrangements have been established, which went into effect September 18, 1914. Missouri completed a similar arrangement on December 11, so that we now have reciprocal arrangements with the following states: Indiana, Iowa, Kansas, Kentucky, Michigan, Missouri, Nebraska, Ohio, Wisconsin and Vermont.

On December 4, the board met in Chicago for the purpose of tabulating grades of examination held in November. The board also met with the Legislative Committee of the State Dental Society, for the purpose of discussing proposed changes in the dental law, revision of rules, and matters of general importance to the profession and the people of the State, as affected by the practice of dentistry. A sub-committee of both the State Society and the State Board of Dental Examiners have now in hand the preparation of a report which will later be presented to yourself and the General Assembly for consideration.

When the present board assumed its duties July 29, 1913, there was in unpaid bills for the per diem and expenses of the former board, \$2,290.77, which were unpaid on account of appropriation for the purpose being vetoed by you. On January 27 Dr. Broadbent and Dr. Hazell, members of the former board, after a conference with Department Auditor E. H. Roche, were to be advanced \$1,000.00 divided as follows: Drs. Pruyn, Whipple, Hazell, Broadbent, Whalen, \$120.00 each to apply on their expense accounts, and \$100 each to Drs. Pruyn, Whipple, Hazell and Whalen, to apply on per diem accounts, which leaves \$1,290.77 unpaid, and I respectfully suggest that the next General Assembly will appropriate direct for the purpose and not cripple the funds of the present board by obliging us to pay these past expenses from current funds. Allowing for the deficiency which this board has assumed, the slight increase asked for for the next biennial is hardly excessive and I would respectfully suggest that the Investigator asked for be favorably considered, and that you will recommend the appropriation therefor.
